#### Welcome

Welcome to the annual Course Book for the Faculty of Law at Thompson Rivers University. It contains important information about our JD program and the courses we offer. It does not contain everything you need to know about the JD. Other information, such as course timetables and exam schedules, can be found on our web site:

https://www.tru.ca/law.html

I hope that this Course Book will be helpful for current or potential JD students, instructors, administrators, alumni, benefactors, and anyone else who is interested in our JD program, our graduates, and our faculty.

If you have any suggestions for improving the Course Book, I would be happy to receive them.

With best wishes, Rob

Dr Robert Chambers Professor and Department Chair rchambers@tru.ca

### Juris Doctor (JD) Program<sup>1</sup>

The JD program consists of 96 credits of courses in three years of full-time study. There are 36 credits of required courses in the first year (1L) followed by 21 credits of required courses and 39 credits of elective courses in the upper two years (2L and 3L). One elective course must satisfy the perspectives requirement and one must satisfy the writing requirement (as explained below). A single elective course may satisfy both requirements.

Every course is three credits unless otherwise stated. Most courses run in a single semester for 150 minutes per week in either two 80-minute classes or one 170-minute class with breaks. The six-credit courses in 1L run for two semesters with two classes per week. All classes are held in person except for a few elective courses that have some classes held live on online because they are taught by sessional lecturers who do not live in Kamloops. Clinical practice, directed research, externships, and moots do not have regularly scheduled classes but have activities taking place at variable times.

In 2L and 3L, students normally take 15 credits per semester, but they may take as few as nine credits or as many as 18 credits in a single semester.

1L Required Courses	Constitutional Law (6 credits)		
36 credits	Contracts (6 credits)		
	Crime: Law and Procedure (6 credits)		
	Fundamental Legal Skills (FLS)

	Dispute Resolution (DR)		
	Ethical Lawyering		
2L or 3L Elective Courses	includes a perspectives requirement and a writing requirement		
39 credits			

<sup>&</sup>lt;sup>1</sup> Our JD program was amended in 2021. Students who began the program in 2021 or later are in the amended program described here. Students who began the program before 2021 were in the original program. Information about the original program is in a separate pamphlet, which is available from our Admissions and Records Officer, Leanne Walker (lwalker@tru.ca).

#### 1L

1L is the first year of the JD program. 1L students are divided into three sections (91, 92, or 93) with about 45 students in each section. Every 1L student is placed in one of those sections and has all of their classes with their colleagues in that section.

The 1L program consists of 36 credits of required courses, with six courses per week over two semesters (fall and winter). 1L students have three classes per day, four days per week. 1L classes are held Monday to Thursday at 8:30 to 10 am, 11:30 am to 1 pm, and 2:30 to 4 pm. There are no 1L classes on Friday, but there are many extracurricular activities on those days. The breaks between classes provide opportunities to recharge and refresh, meet up with classmates, attend events, study, or visit your professors.

The December mid-term exams are "help not hurt". This means that they count towards your final grade only if the mark on the mid-term is better than the mark on the final exam in April. For most students, the mark in April is better than the mark in December. This makes the December exams a safe place in which to test your understanding of the law and your ability to convey that understanding through the unique format of a law school exam. You will be asked to provide legal advice to imaginary clients about their imaginary legal problems. You will also be asked to explain and critique the law.

Every 1L student does a moot in winter semester as part of Fundamental Legal Skills (FLS). Moot is short for moot court, which is a simulated court in which students can learn and develop their written and oral advocacy skills. The FLS moot involves researching and writing a factum (which are the written arguments submitted to a court of appeal) and presenting oral arguments to the court. Students can also participate in other moots as extracurricular activities or for credit as elective courses in 2L or 3L.

#### 2L and 3L

The two upper years of the JD program (2L and 3L) consist of 60 credits, which are normally taken as five 3-credit courses per semester for four semesters. Students can also apply to take clinical practice courses in fall, winter, or summer for 6, 9, or 12 credits per course.

The 60 credits in 2L and 3L consist of 21 credits (7 courses) of required courses and 39 credits of elective courses. Three required courses (Administrative Law, Evidence, and TRC) are taken in 2L, while the other four required courses (Business Associations, Civil Procedure, Dispute Resolution, and Ethical Lawyering) can be taken in 2L or 3L. Along with the required courses in 1L, the seven required courses in 2L and 3L provide students with a solid foundation for more advanced courses and their future careers.

Elective courses may be taken in 2L or 3L. Most do not have pre-requisites beyond successful completion of the 1L program. Some electives do have additional pre- or co-requisites.

Required courses are offered twice each year (once per semester), while most elective courses are only offered once per year. Some electives may be offered twice per year because of higher enrolments, while a few others are usually offered every other year because of lower enrolments. There are about 60 students enrolled in each required course, while elective courses range from small seminars to lectures with up to 60 students. The upper-year moots generally have teams of five students, while most elective courses have enrolments ranging from 20 to 40 students.

Registration for upper-year courses begins in June for the following academic year. Students going into 3L have priority and begin registration a week earlier than students going into 2L.

Upper-year students can also apply to be tutors for 1L students or research assistants for professors. These are paid positions that provide valuable teaching and research experience.

2L students are also kept busy as they begin their search for employment upon graduation with excellent support from our Career Services Office.<sup>2</sup> Most of our graduates begin their legal careers as articling students under the supervision of a qualified lawyer, while some start out as clerks for judges.

Calendar Description	Students undertake a legal and policy analysis of the basic principles and fundamental concepts of the law of contracts as they relate to commercial and consumer transactions. Students explore the following: the formation of contracts including offer, acceptance and consideration; estoppel; privity; terms of contract, including exemption clauses; standard form contracts; bailment; mistake, misrepresentation and unconscionability; termination, including the doctrine of frustration; breach and remedies for breach; and dispute resolution processes. Emphasis is placed not only on knowledge of rules and principles, their historical derivation, rationale, efficacy and social validity, but also upon the creative use of contracts to both avoid and resolve disputes.			
Other Information	The purpose of this course is to introduce students to the fundamental principles of Canadian contract law. Students will learn the basic rules of contract law, and how to apply these rules to novel situations. Emphasis is placed on developing the analytical skills necessary to identify contractual problems and propose reasoned solutions. Attention is also paid to the fundamental premises and policy rationales animating the various rules we shall encounter throughout this course.

Calendar Description	Students are introduced to the general structure of administrative decision-making in Canada: how public administrators obtain power and how that power is exercised both at the level of individual adjudication and at the level of the establishment of public policy. This course also provides an introduction to the checks which courts place on the exercise of administrative power. Students discuss the procedures that courts require of administrative agencies and public officials as well as the substantive grounds on which courts may review the decisions of administrative agencies and public officials.		
Other Information	Administrative agencies are a significant part of government. They make decisions that affect all of us in diverse areas such as immigration, human rights, communications, social benefits, environmental protection, labour relations, access to natural resources, freedom of information, and licensing. This course will examine the constraints on and judicial oversight of administrative decision-makers. The course focuses on procedural and substantive grounds for judicial review.

Calendar Description	This course is an introduction to issues of legal ethics and professional responsibility. Students become competent at ethical reasoning in the context of legal practice. To achieve this goal, the course covers selected topics in the 'law of lawyering' (for example, the Law Society of British Columbia's Code of Professional Conduct), but also addresses the general question of what it means to be an ethical lawyer. Students are expected to develop their awareness of the various moral values underlying the legal system, and to practice how to weigh and apply those values, and the law of lawyering, to ethical problems. Selected topics relating to the regulation of lawyers' ethics are also addressed.			
Other Information	In addition to covering the <i>Code of Professional Conduct</i> , the nature and scope of a lawyer's duties to Indigenous peoples and persons of Canada are canvassed. Guest speakers provide an Indigenous perspective and encourage discussion on ethics in various cultural contexts, including in professional relationships with Indigenous peoples. Upon completing this course, you should understand and be able to explain:  1. What are the duties that lawyers have toward clients, courts, other legal system participants and stakeholders as well as the public?

Calendar Description	Students examine how legal decisions are made and influenced. They draw upon extensive research in fields as diverse as product marketing and modern neuroscience, and structure those discoveries into a framework of classical rhetoric as developed in Ancient Greece and Rome. Students expand their perspective of the student-advocate, and obtain advanced knowledge upon which to base the development of practical skills throughout a career in practice.				
Other Information	This course believes that advocacy can be learned but not taught.  The first half of each class will involve an examination of the tools of legal persuasion focusing on their efficacy and the ethics of their use. The second half will involve a combination of hands-on exercises and critical observation of legal argument and trial skills in practice. The goal motivating both halves is not to teach the practice of advocacy but rather to provide an opportunity for students to learn how to find their own way toward mastering the art.

British Columbia Lottery Corporation (BCLC) is a provincial Crown corporation responsible for the conduct and management of gambling in BC. BCLC's operations include casino, lottery, and iGaming channels. This practice education opportunity will provide a unique opportunity to gain experience working as part of BCLC's in-house legal team. Student tasks will include reviewing and drafting a range of contracts under the supervision of in-house counsel. These contracts may include sponsorships, leases, software agreements, and promotional contests. There will likely be other tasks in support of the delivery of legal services to the organization, such as legal research and document review. BCLC requires the student to be dedicate up to 8 hours in August for onboarding, which can be done remotely.

The Okanagan Thompson Legal Clinic's purpose is to provide community member's access to justice by providing free quality legal services and education to the community with a trauma informed approach. This practice education opportunity will provide an opportunity to gain experience working as part of the interior's newest legal clinic. There will be two student placements and student tasks be in the clinic's three service programs areas: Legal Representation, Family Law Advocacy, or Poverty Law Advocacy.

Calendar Description	Students explore the basic principles, policies, and procedures governing immigration and refugee law. Topics include refugee law and status; selection and admission of immigrants; inadmissible and 16 non-removable classes; exceptions and the minister's permits; and appeals and judicial review in the Federal Court including Charter issues.					
Other Information	If there is one constant it is that people are always on the move. They come to Canada for any number of reasons: to visit or study, to seek new employment opportunities, and to flee violence or persecution at home, to name a few. Immigration and refugee law regulates the conditions under which such individuals are admitted to and can remain in Canada — a sovereign prerogative of every nation. With migration across borders at record levels around the world, there is no shortage of new pressures on, and challenges for, Canadian immigration law and policy. In this course, students will examine how the law is evolving to address many of these challenges. Class discussions and presentations will immerse students in debates surrounding such issues as temporary foreign workers, immigrant detention, and refugee resettlement. Students will also be asked to analyze recent legal developments in the preparation of their written assignment.

Students study different mechanisms for resolving those disputes, from negotiations to formal international courts and tribunals, and critically assess how they function, their limitations, and opportunities for innovation.			
Other Information	Content will include the role of the International Court of Justice along with varying dispute resolution bodies in more specialized international legal areas such as trade, investment, and human rights. Class discussions will also engage with contentious disputes as they emerge, particularly those of relevance to Canada, and provide opportunities through group exercises to further build skills relevant to dispute resolution. Students will gain an appreciation of the unique challenges inherent to addressing legal disputes with international dimensions.  ** This course might be listed in the registration system as LAWF 3780 Selected Topics 2 (section 01).

Materials	John H Currie et al, <i>International Law: Doctrine, Practice &amp; Theory</i> (Toronto : Irwin Law, 2022)  Any additional materials will be posted on Moodle.					
Calendar Description	Students examine the elements of public international law, including sources, the role of customary law, the law of treaties, recognition, state responsibility, and the roles and powers of international organizations.					
Other Information	International law governs relations among states, as well as between states and other entities, such as international organizations and individuals. It also facilitates international cooperation on issues of concern to all of humanity in, for example, safeguarding human rights and the environment. This course will introduce students to the foundational principles of public international law, including its sources, the nature of state sovereignty, and responsibility for internationally wrongful acts. Students will have the opportunity to apply these principles to a variety of substantive areas of international law, such as the use of force and international criminal punishment. Classes and exercises will also critically analyze the role and effectiveness of international law and institutions in responding to contemporary global political challenges — from recent armed conflicts to combatting climate change.

### Moots

TRU law students compete provincially, nationally, and internationally in moot court competitions against students from other law schools. Each moot focuses on a specific area of law and may take different formats, such as appellate or trial advocacy or negotiation.

Moots are three-credit elective courses that count for credit towards the JD. They provide opportunities for 2L and 3L students to develop their advocacy and other lawyering skills while learning more about a particular area of law. Some moots satisfy the perspectives requirement and others satisfy the writing requirement, as indicated below.

Moot teams usually consist of five students. The teams are selected through a competitive process during the summer before the academic year in which the moots take place. Preparation for the moots begins in the fall semester and the competitions take place in the winter semester. Preparation takes place under the supervision of coaches who provide advice on the mooters' written and oral submissions.

TRU occasionally hosts moot court competitions, but most moots take place at other law schools to which the mooters and coaches travel.

Questions about moots should be addressed to the chair of the mooting committee: Dr Ryan Gauthier at rgauthier@tru.ca

Topics include elements of the right of action and defences; restitution as the remedy, with particular emphasis on personal versus proprietary restitution; and disgorgement of wrongful gain, distinguished from restitution using breach of fiduciary obligation as the primary example.				
Other Information	This course is designed to provide an overview of key areas of the law of unjust enrichment. We will examine the nature of and rationale underpinning this ancient cause of action, and explore how it applies in very diverse circumstances. Toward the end of the term, we will examine other restitutionary causes of action, including breach of fiduciary duty and breach of confidence. Throughout the class, emphasis is placed on applying settled law to novel situations.

<sup>&</sup>lt;sup>4</sup> Clinical Practice (LAWF 3420) is the three-credit version of the course. Students who want to do clinical practice can apply to take Clinical Practice 2 (LAWF 3422) for 6 credits, Clinical Practice 3 (LAWF 3424) for 9 credits, or Clinical Practice 4 (LAWF 3426) for 12 credits.

### Study at Another University

It is possible for some of our JD students to study at another university and obtain course credits for their JD from TRU. Opportunities to do this are limited. For more information, please contact Leanne Walker (our Admissions and Records Officer):

https://www.tru.ca/law/faculty-staff/staff/leanne-walker.html

### Study Abroad

TRU has international exchange programs with five European universities located in the Czech Republic, France, Germany, and Poland. Each university normally accepts one or two of our JD students to study there during one of our fall or winter semesters. Course credits earned at these universities can be accepted for credit towards our JD. For more information, please see:

https://www.tru.ca/law/jd-program/student-learning-opportunities/international-connections/international-partners.html

#### Visit Another Canadian Law School

It is possible for a TRU JD student to visit another Canadian law school for one semester and earn course credits towards their JD from TRU. This requires a letter of permission from the Dean and to be accepted by the other law school as a visiting student. This arrangement is intended to allow a 3L student to participate in an educational opportunity that is not available at TRU and is normally restricted to one or two students per year. Decisions are made in February. Please contact the Department Chair for more information: <a href="mailto:rchambers@tru.ca">rchambers@tru.ca</a>

### Policies and Other Useful Information

#### **Academic Awards**

Please see our web site for information about awards and prizes from the Faculty of Law, TRU, and other organizations.<sup>5</sup>

#### **Dean's Course Prizes**

The student who achieves the highest overall final mark in a course receives a Dean's Course Prize. For courses that are taught in two or three sections each year, there is a prize for the top student in each section.

#### Dean's List

The students with the highest GPAs over a single academic year are placed on the Dean's List. There is a Dean's List for each year of the JD program (1L, 2L, and 3L) and the top 10% of the students in each year are placed on the list. Each student on the Dean's List receives a letter of congratulations from the Dean and a notation on their TRU transcript.<sup>6</sup>

#### **Law Society Gold Medal**

The student who achieves the highest cumulative GPA over all three years of the JD program is awarded the Law Society Gold Medal by the Law Society of BC. Three medals are awarded each year: one each to the top graduating JD student at TRU, UBC, and U Vic.<sup>7</sup>

### **Academic Integrity**

Honesty and integrity are essential qualities for anyone wishing to practice law.<sup>8</sup> Our JD students are expected to behave honestly and with integrity at all times. They should be familiar with TRU's policy on Student Academic Integrity and understand the different forms of academic dishonesty: cheating, academic misconduct, fabrication, and plagiarism.<sup>9</sup> This policy applies to every course in the JD program. Alleged breaches of academic integrity are dealt with by TRU's Academic Integrity Committee.<sup>10</sup>

#### Accommodation

The Faculty of Law will provide reasonable accommodation for students who have difficulty attending classes or exams or completing assignments on time because of illness, disability,

religious observances, family or personal emergencies, or similar special needs. They should consult the Assistant Dean about these issues. Students facing long-term or recurring barriers should read TRU's policy on Academic Accommodations for Students with Disabilities and confer with Accessibility Services.<sup>11</sup>

#### **Exams**

#### **Final Exams**

Final exams normally take place during the examination periods in December and April.<sup>12</sup> The typical final exam is three hours long and written on computer in an examination room. Students use their own laptop computers (or borrow one from TRU) with special exam software that is configured for closed-book or open-book exams. A final exam can count for up to 100% of the grade in a course, but most courses also involve other forms of assessment.

#### Mid-term Exams in 1L

Most courses in 1L have a mid-term exam in December and final exam in April. The December mid-terms are "help not hurt" which means that they count towards the final grade only if the mark on the mid-term is better than the mark on the final exam.

#### **Deferred Exams**

If a student has a valid reason for missing an exam, they can have a deferred exam. Valid reasons for missing an exam are illness, acute medical condition, domestic affliction, and the Wolf Pack travel schedule.<sup>13</sup> Deferred exams are held in early January and early May.

#### **Supplemental Exams**

If a student fails a required course because of their poor performance on the final exam, they can take a supplemental exam to attempt to meet or exceed the minimum passing grade of C-. Supplemental exams are held in April and May. Supplemental exams are not available for elective courses (for which the minimum passing grade is D) nor are they available for required courses that are not assessed by final exam (such as Dispute Resolution).

#### Grades and Marks

Students may receive marks (out of 100) for assignments, exams, etc. The marks awarded do not appear on transcripts. They are used to calculate the letter grades that will be awarded at the end of the course. Marks are merely a means to an end, which is the determination of the appropriate grades. They can provide useful feedback during the course, but the award of a mark

<sup>&</sup>lt;sup>11</sup> https://www.tru.ca/ shared/assets/BRD 10-0 Academic Accommodations42574.pdf

<sup>12</sup> https://www.tru.ca/current/enrolment-services/dates-deadlines.html

<sup>&</sup>lt;sup>13</sup> https://www.tru.ca/ shared/assets/ED 03-09 Examinations43315.pdf

does not automatically determine the grade to be awarded, which depends in part on the grade distribution rules in the Grading Policy set out below.

For example, if there are 20 or more students enrolled in a course, the "B-Median Rule" applies to that course, which means that the median grade must be a B. The median final mark must be from 73 to 76 to produce a median grade of B. If the median final mark is not in that range, the final marks will be adjusted (up or down) by the instructor.

Grades have point values as listed in the following table. These values are used to calculate the student's grade point average (GPA). Also listed are the range of marks and the description associated with each grade.<sup>14</sup>

Grade	Grade Points	Range of Marks	Description
A+	4.33	90-100	Outstanding. Exceptional performance.
Α	4	85-89	Excellent. Superior performance showing comprehensive
A-	3.67	80-84	understanding of subject matter.
B+	3.33	77-79	
В	3	73-76	Good. Knowledge of subject matter generally complete.
B-	2.67	70-72	
C+	2.33	66-69	
С	2	62-65	Satisfactory. Basic understanding of the subject matter.
C-	1.67	58-61	
D+	1.33	54-57	Marginal
D	1	50-53	Marginal.
F	0	0-49	Fail. Unsatisfactory performance or failure to meet course
			requirements.

Students are not graded on a "curve" because our grade distribution rules are based on median grades and not average (or mean) grades.<sup>15</sup> The "B-Median Rule" combined with a limit on the percentage of A-range grades that can be awarded in each class means that our GPAs tend to be lower than students are used to achieving in their previous degrees. A student with a GPA of 3.4 or higher would be probably be in the top 10% of the class (and on the Dean's List) while a student with a GPA of 3.2 or higher would probably be in the top 25% of the class.

<sup>&</sup>lt;sup>14</sup> https://www.tru.ca/ shared/assets/Grading Systems5647.pdf

<sup>&</sup>lt;sup>15</sup> An average (or mean) mark is obtained by added up all the marks awarded and dividing the total by the number of marks awarded. A median is obtained by arranging all the marks from highest to lowest and choosing the middle mark from that list.

### **Grading Policy**

#### **Title and Effective Date**

1. This policy is known as the Thompson Rivers University Faculty of Law Grading Policy (the "Policy") and is effective as of September 1, 2023 (the "Effective Date").

#### **Definitions**

2. In this Policy, the following words and phrases have the following meanings:

"A-Range Grades" means A-, A, or A+.

"Academic Recognition Policy" means Thompson Rivers University Senate Policy ED 03-4.

"B-Median Rule" means a requirement that the median grade in a course must be a B.

"Chair" means the Department Chair of the Faculty within the meaning of the Collective Agreement.

"Collective Agreement" means the Collective Agreement between Thompson Rivers University and the Thompson Rivers University Faculty Association in force from April 1, 2019, or such successor agreement as may be in force from time to time.

"CR/NCG Course" means any course offered by the Faculty that has been designated as a Credit Granted/No Credit Granted course.

"Dean's Course Prize" means the prize awarded to the student with the highest grade in a course, as set forth in Sections 10-12.

"Dean's List" has the meaning given to that term in the Academic Recognition Policy.

"Effective Date" has the meaning assigned in Section 1.

"Exemption" has the meaning assigned in Section 13.

"Faculty" means the Thompson Rivers University Faculty of Law.

"Faculty Council" means the Faculty Council of the Thompson Rivers University Faculty of Law.

"Gold Medal" means the prize awarded in accordance with Section 23.

"Graded Course" means any course offered by the Faculty that is not a CR/NCG Course.

"Graded Course Rules" means Sections 7-12 of this Policy.

#### **Purpose**

- 3. The purpose of this Policy is to ensure that the Faculty awards grades based on the following principles:
  - (a) Consistent distribution of grades across courses;

- (b) Accurate communication regarding where students stand academically in relation to one another;
- (c) Fair reflection of the quality of students' academic performance;
- (d) Integrity and transparency, including the avoidance of inflated grades; and
- (e) Autonomy and individual judgment of instructors.
- 4. For Graded Courses that are exempt from the Graded Course Rules, and to the extent that instructors have discretion to determine the distribution of grades within the constraints set out in Section 7, instructors should assign grades in a way that reflects the purposes of this Policy.

#### **Graded and CR/NCG Courses**

- 5. In Graded Courses, instructors shall use the 12-band system of letter grades under the matrix established for the Faculty in TRU Policy ED 03-5 on Grading Systems, <sup>16</sup> or, if a successor policy adopted by Thompson Rivers University modifies the letter grade system for the Faculty, the system established under the policy in effect at the applicable time.
- 6. In CR/NCG Courses, instructors shall assess each student as either "credit granted" for satisfactory performance or "no credit granted" for unsatisfactory performance.

#### **Graded Course Categories and Rules**

7. Except as otherwise provided in this Policy, the following rules respecting the distribution of grades apply to all Graded Courses, based on the number of students enrolled in the course on the date on which the Chair requires grades to be submitted:

4-9 students	No more than 75% of grades may be A-Range Grades.
10-19 students	No more than 50% of grades may be A-Range Grades.
20-29 students	B-Median Rule applies. No more than 25% of grades may be A-Range Grades.
30 or more students	B-Median Rule applies.  No more than 15% of grades may be A-Range Grades.  At least 15% of grades must be B- or lower.

- 8. Section 7 applies only to (i) final grades and (ii) mid-term grades in full-year 1L courses.
- 9. For the purpose of applying the requirements of Section 7, all fractions equal to 0.5 or more will be rounded up to the nearest whole number and all fractions less than 0.5 will be rounded down to the nearest whole number.<sup>17</sup>

<sup>&</sup>lt;sup>16</sup> https://www.tru.ca/ shared/assets/Grading Systems5647.pdf

<sup>&</sup>lt;sup>17</sup> For example, 15.7% will be rounded up to 16% (and would exceed a 15% upper limit), and 15.2% will be rounded down to 15% (and would comply with a 15% upper limit).

#### **Dean's Course Prize**

- 10. When submitting grades for a Graded Course, the instructor shall identify the student with the highest numerical mark in the course, who will be awarded the Dean's Course Prize.
- 11. Where a Graded Course is offered in multiple sections in the same academic year, the instructor of each section shall identify the winner of the Dean's Course Prize for that section.
- 12. Where a Graded Course is offered for a full year, the instructor shall identify the winner of the Dean's Course Prize at the end of the year.

#### **Applying for Exemptions**

- 13. An instructor may apply in advance to the Chair for permission to treat a course as exempt from all or part of the Graded Course Rules (an "Exemption").
- 14. An Exemption must be requested and granted before the first day of the semester in which the course is offered.
- 15. A request for an Exemption must be justified with reasons why the course in question is suitable for assessment without the application (in whole or in part) of the Graded Course Rules.
- 16. The reasons given for a requested Exemption should be relevant to the manner in which, and should reflect to the extent to which, the requested Exemption would depart from the Graded Course Rules.
- 17. A request for a significant or complete Exemption from the Graded Course Rules should generally be justified with evidence that the course is to be assessed based on experiential work or work equivalent to professional work product, rather than traditional academic assessments such as exams and essays.
- 18. The decision on whether to grant an Exemption is at the discretion of the Chair.
- 19. An Exemption applies for one time that the course is offered, and if an instructor wishes to be granted an Exemption for a subsequent offering of the course, the instructor must make a new application.

#### **Exempt Courses**

20. Directed research courses, moots, journal, clinical courses, and courses with fewer than four students are exempt from the Graded Course Rules without requiring an application for an Exemption.

#### **Submission of Grades**

21. Each instructor shall submit grades after the completion of the course at the time and in the manner directed by the Chair.

#### **Dean's List**

22. The Dean's List is determined in accordance with the Academic Recognition Policy.

#### **Gold Medal**

23. The Gold Medal is awarded to the graduating student ranking first overall during the entirety that student's enrollment in the Juris Doctor degree.

#### **Prior Policies Rescinded**

24. All prior versions of the Faculty Grading and Ranking Policy are rescinded and have no force or effect as of the Effective Date.

### **Grade Reappraisals**

If a student believes that their final grade in a course may be incorrect, they should arrange to meet the instructor to discuss the issue. If the instructor discovers that the grade is incorrect due to a calculation or data-entry error, they can arrange to get the grade corrected. If the instructor believes that the grade is correct, but the student still believes that it is incorrect, the student can apply to the Department Chair for a grade reappraisal.

The Department Chair will arrange for another instructor to review the relevant materials and provide their opinion whether the original grade can be justified. If the other instructor believes that the original grade is not justified, they can recommend that the grade be raised or lowered. The review process can take a month or more after the application deadlines.

The form to apply for a grade reappraisal is in this Course Book. The deadlines to apply are 15 February for fall semester grades and 15 June for winter semester grades.

### Minimum Passing Grades

The minimum grades needed to pass are C- for required courses, D for elective courses, or CR for courses assessed on a CR (credit) or NCG (no credit given) (i.e. pass/fail) basis.

### Satisfactory Academic Progress

Students must maintain a minimum cumulative grade point average (GPA) of 1.67 (C-).<sup>18</sup> If their GPA is below the minimum for two semesters, they are not in good standing and will be placed on academic probation. If they fail to achieve the minimum GPA over the next two semesters, they will be required to withdraw from the JD program for 12 months.
