

Candidate Statement – Ishan Kapoor
Nominee for Student Representative to Senate
Term: September 1, 2025 – August 31, 2026

Dear TRU Students,

My name is Ishan Kapoor, and I am honored to run for the position of Student Representative to the Senate. I am currently pursuing a Post-Baccalaureate Diploma in Human Resources at TRU and have a background in law, which allows me to analyze policies, advocate for fairness, and work toward institutional improvements. I am an active member of the Student Caucus Academic Integrity Committee, where I advocate for fair academic policies and student rights. Additionally, as the Vice President of Research for the TRU Law Podcast, I contribute to raising awareness about important policies that affect students. Through discussions on topics such as tenancy law and lawyers' Q&A sessions, we help students understand their legal rights and remedies in everyday situations.

If elected, I will work towards:

- Stronger student representation in university decision-making, ensuring that student voices are prioritized in academic and administrative policies.
- Improved academic support systems to help students succeed, including initiatives that promote fairness and integrity in education.
- Better resources and academic planning for international students, making it easier for them to adapt, excel in their studies, and access career opportunities.

I care deeply about the student experience at TRU, and I want to ensure that every student, regardless of their background, has the resources and opportunities they need to thrive. I would be honored to be your voice in the Senate and work towards meaningful change that benefits our academic and social community.

Sincerely

Ishan Kapoor
